New Board Members and the HPHOA Annual Meeting

The Association is happy to welcome two new board members. Martin Beck and Eric Storey. Marty Beck has lived in Hancock Park since 1998 and is currently a Commercial/Industrial Real Estate agent. Prior to real estate Marty worked for over 30 years in the textile business, mostly as a regional sales manager for a New York textile company. Eric Storey has lived in Hancock Park since 2004 where he and spouse Architect/Interior Designer Rodrigo Vargas are raising their 5 year old daughter. A member of The LATC as well as The Television Academy, after 15 years as a senior executive at Comcast Universal, Eric is now an independent television producer, full-time Dad and passionate LA historian. Neighbors like Marty and Eric are what makes and keeps Hancock Park a great place to live.

Schools Committee Co-Chair and Board Member Joanne Medeiros is leaving Hancock Park and moving to the westside. Joanne has been the critical person in the dramatically improved relationship we now have with the administration of John Burroughs Middle School. Joanne has been tireless in working with the school to improve and beautify the school grounds, managing student drop off and pick up so traffic is better managed, working to manage the students so they don't disturb their neighbors as they walk home or wait for their parents, and worked with LAUSD on the upcoming JB Rebuild which will dramatically alter the campus and have a major impact on the school's neighbors. We wish Joanne the best in her new home and thank her from the bottom of our hearts for all she's

done for Hancock Park, the staff and students at John Burroughs and for entire community.

The Association's annual meeting will be October 24th from 7-9 PM at 3rd Street Elementary School. If you're a dues paying member you'll be receiving a ballot for the election of the Board of Directors. Put the date on your calendar and plan to attend! There will be speakers from the City, LAPD, Councilman's Office and other neighborhood representatives – make your concerns heard!
